

RECORDING WILDLIFE

Thursday 5 October, 1:00pm-3:30pm
Haddo Country Park

Would you like to be able to identify more of our local wildlife? This **FREE** event will help you to identify a variety of wildlife that can be seen on a stroll around Haddo Country Park, near Tarves, Aberdeenshire. It will be led by Glenn Roberts of the North East Scotland Biological Records Centre (NESBReC) with some walking along uneven terrain required. Learn how to record the different species that you see and how to submit those records to NESBReC for inclusion in a local wildlife database. This event is suitable for complete beginners and anyone wishing to start recording the wildlife around them. **Any children must be accompanied by an adult and no dogs, thank you.**

BOOKING IS ESSENTIAL

To book a **FREE** place e-mail
